Contents

NUMBER 1

1 *Editorial*

3 Silverman, D. *Qualitative research: meanings or practices?*

21 Hsiao, R.L. & Ormerod, R.J. *A new perspective on the dynamics of IT-enabled strategic change*

53 Flynn, D.J. & Jazi, M.D. *Constructing user requirements: a social process for a social context*

85 Taylor, M.J., Moynihan, E.P. & Wood-Harper, A.T. *End-user computing and information systems methodologies*

NUMBER 2

97 *Editorial*

99 Truex, D.P. & Baskerville, R. *Deep structure or emergence theory: contrasting theoretical foundations for information systems development*

119 Currie, W.L. & Willcocks, L.P. *Analysing four types of IT sourcing decisions in the context of scale, client/supplier interdependency and risk mitigation*

145 Changchit, C., Joshi, K.D. & Lederer, A.L. *Process and reality in information systems benefits analysis*

163 Liang, Y., West, D. & Stowell, F. *An approach to object identification, selection and specification in object-oriented analysis*

NUMBER 3

181 *Editorial*

183 Kock, N. & McQueen, R.J. *Groupware support as a moderator of interdepartmental knowledge communication in process improvement groups: an action research study*

199 Chang, L.-J. & Powell, P. *Towards a framework for business process re-engineering in small and medium-sized enterprises*

217 Mao, J.-Y. & Benbasat, I. *Contextualized access to knowledge: theoretical perspectives and a process-tracing study*

241 Lyytinen, K., Rose, G. & Welke, R. *The Brave New World of development in the internetwork computing architecture (InterNCA): or how distributed computing platforms will change systems development*

NUMBER 4

255 *Editorial*

257 Wareham, J., Bjørn-Andersen, N. & Neergaard, P. *Reinterpreting the demise of hierarchy:*
a case study in information technology, empowerment and incomplete contracts

273 Darke, P., Shanks, G. & Broadbent, M. *Successfully completing case study research: combining rigour, relevance and pragmatism*

291 Loeb, K.A., Rai, A., Ramaprasad, A. & Sharma, S. *Design, development and implementation of a global information warehouse: a case study at IBM*

313 Barros, A.P. & ter Hofstede, A.H.M. *Towards the construction of workflow-suitable conceptual modelling techniques*
